

CURRICULUM

In 1974 Frank Bogino started his career by working in the motion pictures movie making studios in Hollywood and had a team of stunt men and woman that did all types thrilling tricks and stunts and also put on big shows and in 1978 Frank started working in big clubs in Las Vegas as choreographer for big stage shows that travelled all over the world and at the same time began to create theme parks as Frank Bogino was one of the first to have th idea of blending amusements with the famous Las Vegas Casino Hotels. Just to give an idea from Frank’s family background Frank’s Mother and father first started in this type of business in the 1950s when in Las Vegas there were only 3 hotel Casinos therefore The Bogino Family are actually pioneers in this make believe world of amusements.

In 1989 Frank Bogino moves to Italy and opens an Amusement ride manufacturing company named DIAMOND AMUSEMENT RIDES specialized in Roller Coasters and was the first company in Italy to manufacture a roller coaster with spinning cars and in 2008 Frank decided to close the company and become the head project manager for theme parks – water parks and complete resort complex for the leisure world industry.

In collaboration with Hollywood Adventures Frank Bogino has participated in the following Reference list with Master Planning – Attractions Development – Park Operations – Theme Park and Water Park Planning.

Here are a few projects by Frank Bogino that were designed for Hollywood Adventures.
